Where Concrete Takes on the Elegance of Brick

- An alternative to brick or stone masonry
- Available in these sizes:
 - 4x4x16
 - 8x4x16
 - 12x4x16
- Economical
- Low Maintenance
- Designed for using in Single Wythe Walls

**SNYDER
BRICK & BLOCK**
The Brick People

At Snyder Concrete Products, Inc. we work hard to satisfy your needs and we've been doing it for over 70 years. We are a manufacturer of concrete block and a distributor of quality building products. Founded in 1949 by Milton G. Snyder, Snyder Concrete Products, Inc. started out serving the Miami Valley area and has now grown to serve Columbus and Cincinnati as well. Since its founding the company has grown to include four manufacturing facilities with six retail stores.

OUR COMMITMENT

Snyder Concrete Products, Inc. has remained family owned and operated for five generations and is currently the only block manufacturing facility remaining in the city of Dayton. Our first product line has expanded greatly since we first opened our doors. We are no longer limited to only concrete block, but offer items such as: brick, masonry tools, fireplace materials, concrete reinforcing steel, epoxy, construction chemicals, mortar, cement, wire mesh, polyethylene film, expansion joint, rigid insulation, patio block, glass block, cultured stone, natural stone, and retaining wall systems. Snyder Concrete Products, Inc. is a company based on the highest standards of quality and committed to delivering the best possible service. As we grow and expand to stay on top of an ever-changing market, we will always stay with the tradition that this company was built on.
